UNRESTRICTED USAGE

General Fleet

This equipment is available for usage by all paid-up members of the Hawthorn Rowing Club. Members should ensure they adhere to water safety and technical ability guidelines in choosing equipment, particularly single sculls, adhering to the club's equipment and safety policies located on the HRC website.

After use, all equipment must be washed and returned to racks. Boat and oar settings are not to be changed as this equipment is set for broad club usage.

Race Fleet

Usage of this equipment requires Captain's permission, given after submission of race plans and training schedules.

It is maintained for usage by HRC crews representing the club in Rowing Association Regatta programmes. At times with Captain's permission, settings and rigging might possibly be finely tuned to suit particular crew type to optimise performance.

This equipment is expensive. It is made available to competition crews who are expected to ensure high care and maintenance of this valuable club property.
