

## TEMPORARY MEMBERSHIP - 3 SESSION PASS

[hrc@hawthornrowingclub.com](mailto:hrc@hawthornrowingclub.com)

The purpose of this temporary membership is to give potential new members, who are rowing competent, and have previous rowing experience, the opportunity to have up to 3 trial sessions over a consecutive two-week period to assess whether they would like to take out a membership of the Hawthorn Rowing Club.

The cost of temporary membership is \$20. This fee includes boat use and the state rowing association for insurance cover. No one is permitted to utilise HRC club equipment without first ensuring insurance cover is in place. As such, this form and payment must be lodged and processed by the club's membership officer prior to any usage of club equipment.

Prior to a temporary membership being offered, one must first meet with the Club Captain or a designated officer of the club who will assess the appropriateness of an offer based upon competency and the current capacity of the club to fulfil.

If you have been offered a temporary membership please fill in the following information, scan and return to club captain ([HawthornCaptain@gmail.com](mailto:HawthornCaptain@gmail.com)) to arrange processing prior to commencing your temporary pass.
